

2010 Summer Study Group

For Fall 2010 Testing Period

All material is based on information as of Jan 1st, 2010

All start time vary depending on the weekday

See Time Zone Examples to the right

What you get out of this study group is exactly what you put into it. We can't make you read, study, or participate. With some effort and the determination to pass the exam, you will succeed. The CPP's are not instructors, they are payroll professionals volunteering their time. They don't have all the answers. Please keep this in mind.
